

**2015 Strategic Planning**  
**CSAA Congress April 25, 2015**  
Mission/Vision/Goals/Solution- Next Steps

**Collaboration**

Coordination of Services- redundancy, awareness of existing services  
Centralized list of services  
CSAA Could post each communities resource guide on the website  
Link for each LAC on CSAA website  
CSAA & State- mutual exchange of information  
211 system- does not have information unless community give it to them  
Coming together for a common goal  
Conspire  
What MOU's or Agreements are in place and working  
Radio  
Collective sum of wisdom

**Vision**

To bring people together for common good  
Bring awareness into communities  
Bring communities together  
No waiting list  
No Wrong Door  
Get services when needed-according to clients needs  
Services in the community with wrap around in the community  
Empty yourself of perceptions  
\$\$ for services

**Goals**

Medicaid state plan needs changes for peer support  
Increase access to services-decrease gaps and loopholes  
Increase peer support-certificate or license  
Champion the peers and make reimbursable  
Recruitment to local areas, especially rural  
Recruit and retain - can't provide services if not enough providers and staff  
Reimbursement Rates  
Genuine and complete commitment to a system that is consumer focused  
A sincere commitment of stakeholder partnerships and regional authority  
A dedication to consumer and system outcomes rather than process oriented goals  
A commitment to build strong relationships and change old behaviors  
MH Court  
WRAP  
IMR  
Trauma Informed Care training for Providers  
Peer Support toolkit coming soon and to be utilized in communities  
Medical home with MH/BH services  
Training communication skills to peer support groups  
Collaborations between substance use and mental health state and local  
Individual at the center and record sharing is with them-follow the consumer  
Link payment with links or coordination of services and treatment plans
